DIGITAL SCANNER

*Digital Scanner in your Office provided by
Confident Dental Lab*

YOUR BENEFITS

- ✓ Digital impression system at your office provided by Confident Dental Lab
- ✓ Staff training & continued support
- ✓ No ownership hassle (initial investment, depreciation, obsolete equipment, etc.)
- ✓ Increased efficiency (reduce chair time)
- ✓ Eliminate cost of putty, tray, casts
- ✓ Increased patient comfort
- ✓ Increased impression accuracy = better fitting crowns

OUR BENEFITS

- ✓ All work done through scanner sent to our lab for design and fabrication
- ✓ Average 30+ crowns per month
 - We understand that volume may vary and that's OK
- ✓ Elimination of model pour up
- ✓ Increased impression accuracy = better fitting crowns – Studies show less than 1% remake, after Digital Impression implementation

REMOVABLES

*“... our products are designed, crafted,
manufactured and finished here in the USA...”*

Since it all started as a Removable lab back in 2002, we take pride in providing highest quality and esthetically pleasing removable appliances. Confident's team works with each doctor, and their patients, to insure a perfect fit. First and foremost, insuring that try-ins meet the expectations of the doctor and the patient, followed by a perfect processing & finish.
